

Eckington
Civic Association

We engage the community.

The Eckington Civic Association is a forum for community input on matters of local concern. We weigh in on local zoning and permitting issues to ensure that private and city plans reflect the priorities and values of Eckingtonians. We welcome participation from all residents and strive to reflect Eckington's rich diversity and heritage.

We connect neighbors.

We create spaces for Eckington residents to gather. We hold meetings on the second Monday of every month. We run a google group where neighbors can share Eckington-related news and information. We build relationships with community partners, including local businesses, non-profits, and other civic groups. We host events that bring neighbors together.

We advocate for Eckington.

We advocate for Eckington in D.C. affairs, including by working with elected representatives and city officials to improve the quality of life of local residents. We have worked to make our streets safer for all users, to prevent violence in the community, and to bring more affordable housing and neighborhood-facing businesses to Eckington. we are working to bring a public library to Eckington and Edgewood.

We depend on your participation and support!

The most valuable contribution you can make is joining our organization. While we welcome donations, membership is free.
